Mission

We prepare each student academically, technically, and socially to adapt and compete in an ever-changing economy.

Vision

BCCC is dedicated to providing the highest quality educational programs by instilling work values, promoting self-worth among students and staff, promoting quality performance among students and staff, and by providing an easy transition for students to become a productive and responsible member of our society.

October 2022

I write to inform the Board of Trustees of the following:

- On October 6th, Law Enforcement class took a trip to help with Greg's Groceries in Columbia, SC. The students worked extremely hard during the time they were there. Greg's Groceries is a statewide law enforcement event to pack care packages for families in need. There were lots of law enforcement officers there to help and our students were recognized for their efforts. There has been lots of encouragement and recognition for our students on the job they completed.
- October 7, our school held a fun day for our students. This was a day to reward students for working hard so far during the school year. The students were given a hot dog, water and chips. They were allowed to play games out back such as throwing the football, shooting basketball, and cornhole. The students were very appreciative and were extremely well behaved.
- October 12, the school invited Richard Johnson to speak to our students. He is from SLED and is a part of their community relations division. Lt. Kirkland from the Barnwell County Sheriff's Office has been instrumental in setting up this program for our students.
- October 13, Mr. Augustine traveled to Phoenix Specialty in Bamberg SC for a meeting. OpExChange sponsored the meeting to help others learn about Phoenix and what they bring to the community and to future employees.
