

## VANDALISM

Code **ECAC** Issued **1/03**

---

Purpose: To establish the basic structure for dealing with vandalism to center property.

The center's buildings and grounds are built and maintained with taxes. All damages must be paid for in the same way. The board urges everyone associated with the center to cooperate in reporting any incidents of vandalism to center property and the name of the person(s) believed to be responsible.

Employees of the center will take all necessary steps and seek police cooperation and action to protect center property from theft and vandalism.

Each employee of the center will report to the director every incident of vandalism known to the employee and, if known, the names of those responsible.

Any student of the center who enters or comes upon center grounds any time of the day or night and does damage to anyone's personal property on center grounds or property belonging to the center will be trespassing and subject to disciplinary action. The student(s) and parents/legal guardians will be responsible for the damage and may be required to pay for repairs and or replacement of the damaged property.
