

## **ADMINISTRATIVE ORGANIZATION**

*Code* **CC** *Issued* **12/02**

---

**Purpose:** To establish the basic structure for the administrative organization of the center.

Center administrative organization will follow the pattern outlined in the chart found at CCA in this manual. The chart represents the framework for administration and the lines of authority and responsibility.

The administrative organizational structure of the center accommodates and enhances the attainment of goals and objectives the board has set forth for the center. The organization must assure that the center effectively and efficiently carries out programs and responds to any new programs demanded by system needs or opportunities. The organization must also allow the center the opportunity to address its particular needs and improve existing programs.
