

ASSIGNMENT OF STUDENTS

Code **JCA** Issued **9/04**

Purpose: To establish the basic structure for assignment of students to the center.

Occupational education courses are offered to prepare students from Barnwell, Blackville-Hilda and Williston-Elko High Schools for entrance into health care, marketing, occupational home economics or industrial occupations at entry-level positions. Another purpose for these occupational offerings is to prepare the center's students to further their education or training at a post-secondary technical college, a private occupational institution, a two or four-year college or university or the armed forces.

The center requires the high school principals of Barnwell County School District Nos. 19, 29 and 45 to notify the director by June 30 of the number of students who will attend the center. If one principal fails to fill his/her allotment, another principal will have the opportunity to fill the openings.

Adopted 3/18/85; Revised 9/14/04
